Home Page.

Craig Garner is a young talented Actor performing on Screen and Theatre.

Performing from the age of five Craig has been seen treading the boards up and down the country as well as on TV and Film.

Recently the subject of a documentary for Channel Four, Craig is actively looking for challenging roles in theatre, TV and film.

Craig's preferred charity

Craig owes much to The Great Ormond Street Hospital who has cared for him from the age of 5 to 18 years old. He suffers from an extremely rare growth disorder called Moore -Federman Syndrome which affects only a handful of people in the world. Craig stopped counting his operations once he reached 10 (he had no more fingers left!) and hopes to have a few years respite before any more.

If you wish to make a donation to the Great Ormond Street Hospital or just wish to read about the wonderful work that they undertake for children, please click on the following link
